

Clive Snowdon Fund Director Biography

clive@draycliffe.com

DRAYCLIFFE
structure & strategy

Governance as a core competence.

- Multi USDbn fund board experience.
- Product-offering technical excellence gained from over 23 years in the alternative assets industry.
- Fund product operational and risk management expertise.
- Fund services expertise at CEO level overseeing USD60bn+ of client assets.
- Multi-jurisdictional product and domicile experience.

Clive has over twenty years' experience providing strategic, operational and transformational leadership in the financial services industry with strong expertise in fund management.

He set up two hedge fund managers from inception covering operational, legal, financial and compliance areas followed by three years as COO of Gottex Fund Management Sarl, one of the largest fund of hedge funds managers in Europe based in Lausanne, where assets grew from under USD1bn to nearly USD7bn during his tenure.

Subsequently Clive became CEO of the alternative funds administration business of Credit Suisse in Guernsey with USD60bn of assets under administration & middle office and 170 staff. More latterly he was the Group Managing Director of an offshore fund management and administration business with offices in Jersey, Tokyo and Isle of Man.

Currently operating in a consultancy capacity, Clive focuses on business transformation, management/strategy realignment and product reviews in the fund management and fund services industries.

Prior to moving into the alternative assets industry, he spent over six years as head of Risk Control and Operations for Mitsubishi Corporation Finance PLC, a \$12bn issuance and multi-asset investment boutique.

Clive has served on the boards of fund & fund of funds vehicles, corporate entities, property funds and one of the most prominent global private equity infrastructure funds.
