

**30+ years driving excellence in structured product and fund management solutions.**

- Leadership experience at COO level from start-up to scale-up in fund management (up to \$7bn) and CEO level in fund services (\$70bn+), showcasing ability to build and manage large-scale investment operations.
- Governance as a core competence, embracing the development of joined-up operating models, investment propositions, responsible investing and governance-led ESG models.
- Technical excellence and legal insight in structured investment product-offerings.
- Continuing insight into best practices for investment offering structures and compliance with local and regional regulations.

Clive has thirty years’ experience providing strategic, operational and transformational leadership in the financial services industry. He has served on the boards of hedge fund & fund of funds vehicles, corporate entities, property funds and one of the most prominent global private equity infrastructure funds.

Subsequent to holding senior posts in the investment management industry Clive founded Draycliffe in 2014, a consultancy focusing on the alignment of operating models, products, management & strategy, together with governance, responsible investing and investment proposition strategies.

Sector focus has included fund management & fund services industries, private credit, investee companies in sustainable energy (including geothermal & wind power), trade finance and digital/Web3 offerings, both in the UK and abroad.

The deep and joined-up insight that Clive brings is a result of his extensive senior background in the fixed income and funds industries, including:

- Over six years as head of Risk Control and Operations for the \$12bn issuance and multi-asset investment boutique of Mitsubishi Corporation,
- Set up two hedge fund managers from start-up in London within a seven-year period, covering operational, risk, legal, financial and compliance areas.
- COO of Gottex Fund Management in Lausanne, one of the largest funds of hedge funds managers in Europe, where he developed a scalable fund of hedge funds platform and creation of client investor solutions supporting asset growth from \$150m to \$7bn.
- CEO and Credit Suisse Head of Asset Management in the Channel Islands for the alternative funds services business with \$70bn+ of assets under administration & middle office (hedge funds, PE funds, property funds & mutual funds). The role involved leading 170 staff and spearheading a significant distress remediation and transformation programme.
- Group Managing Director of Moore Management, an offshore fund management and administration business based in Jersey with additional offices in Tokyo and Isle of Man.
- Nine years as consultant COO to Clerkenwell Capital, commercial real estate L/S equity fund.
